

A Woman's Prize is a 30 minute play that utilizes song, Old Irish, and immersive storytelling. This play asks us all to consider an alternative narrative in which women reclaim and reshape their mythologies, remembering the female names and stories lost to history.

Without the support of the **NYU Abu Dhabi Theater Program Staff & Faculty**, as well as the **NYUAD Arts Center Staff**, the manifestation of this capstone would not have been possible! Thank you so much for all of your hard work and dedication to students' education and to creating and supporting art!
